

ANNEXURE-VII TO NOTIFICATION NO. 7/2/2022-MPSC (DR) DATED 20-03-2026

1. The primary objective of industrial policy is to:
 - (A) Increase agricultural output
 - (B) Regulate foreign trade only
 - (C) Promote balanced regional development
 - (D) Increase tax revenue

2. MSME classification is based on:
 - (A) Annual export
 - (B) Number of employees
 - (C) Investment & turnover
 - (D) Location

3. Baseline survey is conducted:
 - (A) After project completion
 - (B) Before project implementation
 - (C) During audit
 - (D) During monitoring

4. Pivot table is used for:
 - (A) Typing
 - (B) Data summarization
 - (C) Drawing
 - (D) Animation

5. Validity measures:
 - (A) Stability
 - (B) Bias
 - (C) Sample size
 - (D) Correctness of tool

6. PMEGP is implemented by:
 - (A) RBI
 - (B) KVIC
 - (C) SEBI
 - (D) NABARD

7. Cloud computing stores data:
 - (A) In pen drive
 - (B) Remote server
 - (C) ROM
 - (D) Printer

8. Reliability ensures:
 - (A) Accuracy
 - (B) Consistency
 - (C) Validity
 - (D) Profitability

9. What is the minimum number of persons required to constitute an unlawful assembly under Section 141 of the IPC?
 - (A) 3
 - (B) 5
 - (C) 7
 - (D) 10

ANNEXURE-VII TO NOTIFICATION NO. 7/2/2022-MPSC (DR) DATED 20-03-2026

10. District Industries Centre (DIC) mainly supports:

- | | |
|----------------------|--------------------------------|
| (A) Large industries | (B) Banks |
| (C) MNCs | (D) Cottage & small industries |

11. Counterfactual in evaluation means:

- (A) Project cost
- (B) Alternative outcome without intervention
- (C) Profit margin
- (D) Survey error

12. MS Excel formula starts with:

- | | |
|-------|-------|
| (A) # | (B) = |
| (C) @ | (D) & |

13. MSME delayed payment protection is under:

- | | |
|--------------|--------------------|
| (A) FEMA | (B) MSMED Act 2006 |
| (C) SEBI Act | (D) GST Act |

14. Which protocol is responsible for dynamically assigning IP addresses to devices in a network?

- | | |
|----------|---------|
| (A) DNS | (B) FTP |
| (C) DHCP | (D) ARP |

15. Cluster development mainly improves:

- | | |
|---------------------------|---------------------------|
| (A) Monopoly | (B) Competition reduction |
| (C) Collective efficiency | (D) Tax burden |

16. Make in India aims at:

- | | |
|-------------------------|------------------------------------|
| (A) Import substitution | (B) Increasing manufacturing share |
| (C) Agricultural reform | (D) Service sector privatization |

17. Contribution per unit is defined as:

- | | |
|--------------------------------|-----------------------------------|
| (A) Selling price – Fixed cost | (B) Total revenue – Total cost |
| (C) Fixed cost – Variable cost | (D) Selling price – Variable cost |

ANNEXURE-VII TO NOTIFICATION NO. 7/2/2022-MPSC (DR) DATED 20-03-2026

18. Which among the following is a famous GI-tagged black rice variety indigenous to Manipur?

- | | |
|--------------|---------------|
| (A) Chak-Hao | (B) Moirangam |
| (C) Phouoibi | (D) Taothabi |

19. Feasibility study includes:

- | | |
|----------------------------------|-----------------|
| (A) Technical only | (B) Market only |
| (C) Technical, financial, market | (D) HR only |

20. Monitoring is:

- | | |
|---------------------|------------------------|
| (A) One-time review | (B) Continuous process |
| (C) Audit | (D) Closure |

21. Udyam Registration is mandatory for:

- | | |
|--------------------------|-----------|
| (A) Large enterprises | (B) MSMEs |
| (C) Government companies | (D) NGOs |

22. Industrial infrastructure includes:

- | | |
|--------------------|-------------------------|
| (A) Schools only | (B) Roads, power, water |
| (C) Hospitals only | (D) Banks only |

23. Cache memory is —

- | | |
|-----------------|---------------|
| (A) Slow | (B) Secondary |
| (C) Fast memory | (D) Optical |

24. Balanced regional development reduces:

- | | |
|---------------|----------------------|
| (A) Inflation | (B) Income disparity |
| (C) Taxes | (D) Imports |

25. Textile clusters in Manipur primarily promote:

- | | |
|---------------|---------------------|
| (A) IT sector | (B) Handloom sector |
| (C) Mining | (D) Petrochemicals |

26. URL stands for —

- | | |
|------------------------------|-----------------------------|
| (A) Uniform Resource Locator | (B) Universal Resource Link |
| (C) Uniform Routing Link | (D) User Resource Locator |

ANNEXURE-VII TO NOTIFICATION NO. 7/2/2022-MPSC (DR) DATED 20-03-2026

27. In proportional stratified sampling, the sample size drawn from each stratum is determined based on:
- (A) Equal allocation regardless of size
 - (B) Variance of the entire population only
 - (C) Proportion of the stratum size to the total population
 - (D) Convenience of data collection
28. MSME Act was enacted in:
- (A) 1956
 - (B) 1991
 - (C) 2006
 - (D) 2013
29. SHG formation minimum members (generally):
- (A) 5
 - (B) 10
 - (C) 20
 - (D) 50
30. Interest subvention under an industrial scheme mainly reduces:
- (A) Principal amount
 - (B) Working capital
 - (C) Effective cost of borrowing
 - (D) Corporate tax rate
31. Impact indicators are:
- (A) Short-term
 - (B) Output
 - (C) Long-term effect
 - (D) Input
32. Industrial Disputes Act deals with:
- (A) Market control
 - (B) Worker-employer disputes
 - (C) Exports
 - (D) Pollution
33. HTTP stands for —
- (A) Hyper Text Transfer Protocol
 - (B) High Transfer Text Protocol
 - (C) Hyperlink Text Transfer
 - (D) Home Tool Transfer
34. What is the purpose of a "check line" in chain surveying?
- (A) To check the accuracy of the framework
 - (B) To measure the area
 - (C) To locate internal details
 - (D) To extend the survey line

ANNEXURE-VII TO NOTIFICATION NO. 7/2/2022-MPSC (DR) DATED 20-03-2026

35. Which of the following is considered a permanent record of a survey?
- (A) Ranging rod (B) Field Book
(C) Peg (D) Plumb bob
36. In which type of surveying is the mean surface of the earth considered as a plane and the spheroidal shape neglected?
- (A) Plane Surveying (B) Geodetic Surveying
(C) Hydrographic Surveying (D) Topographic Surveying
37. Which operating system allows only one user to do one task at a time?
- (A) Single-user, multi-task operating system
(B) Single-user, single-task operating system
(C) Multi-user
(D) None of the above
38. The New Industrial Policy, 1991, primarily aimed to:
- (A) Increase reliance on licensing system
(B) Restrict foreign investment
(C) Nationalize private industries
(D) Liberate industry from licensing and encourage foreign investment
39. Examples of real-time operating systems is:
- (A) Windows CE (B) Lynx OS
(C) Both of the above (D) None of the above
40. Small Scale Industries (SSIs) in India are defined and categorized by which act?
- (A) Industrial Disputes Act, 1947
(B) MSME Development Act (MSMED)
(C) Companies Act, 2013
(D) Foreign Exchange Management Act
41. What technology helps ensure no manipulation of data in baseline surveys?
- (A) Paper questionnaires (B) Verbal interviews
(C) GPS tagging and time stamping (D) Telephonic surveys

ANNEXURE-VII TO NOTIFICATION NO. 7/2/2022-MPSC (DR) DATED 20-03-2026

42. When was the "Handlooms (Reservation of Articles for Production) Act" enacted?
- (A) 1975 (B) 1985
(C) 1990 (D) 2000
43. Which type of malware disguises itself as legitimate software?
- (A) Worm (B) Trojan Horse
(C) Spyware (D) Logic Bomb
44. When is National Handloom Day celebrated in India?
- (A) 15th August (B) 26th January
(C) 7th August (D) 2nd October
45. Production planning and control are essential for:
- (A) Inventory management (B) Quality management
(C) Supply management (D) All of the above
46. Which scheme provides insurance cover to handloom weavers aged 18–50 years?
- (A) Bunkar Mitra
(B) Handloom Weavers' Comprehensive Welfare Scheme
(C) Mudra Loan Scheme
(D) Make in India
47. The programming language primarily used for client-side scripting in web development is:
- (A) Python (B) Java
(C) JavaScript (D) PHP
48. Primary data is collected through:
- (A) Journals (B) Census
(C) Interview (D) Books
49. SMTP is used for —
- (A) Receiving mail (B) Sending mail
(C) Storage (D) Security

ANNEXURE-VII TO NOTIFICATION NO. 7/2/2022-MPSC (DR) DATED 20-03-2026

50. Industrial licensing is governed under:

- (A) Industries (Development & Regulation) Act, 1951
- (B) Companies Act
- (C) GST Act
- (D) FEMA

51. POP3 is used for —

- (A) Sending
- (B) Receiving
- (C) Routing
- (D) Storage

52. Working capital is required for:

- (A) Fixed assets
- (B) Daily operations
- (C) Expansion only
- (D) Land purchase

53. Handloom mark certifies:

- (A) Powerloom products
- (B) Imported textiles
- (C) Genuine handloom products
- (D) Synthetic fibres

54. Under the new Code on Social Security 2020, gratuity is applicable to Fixed Term Employees after how many years of service?

- (A) 1 year
- (B) 3 years
- (C) 5 years
- (D) 7 years

55. What is the length of an IPv4 address?

- (A) 16 bits
- (B) 32 bits
- (C) 48 bits
- (D) 128 bits

56. What is the maximum turnover allowed for a "Small" enterprise under the revised 2025 MSME criteria?

- (A) ₹5 Crore
- (B) ₹10 Crore
- (C) ₹50 Crore
- (D) ₹100 Crore

57. Phishing means —

- (A) Fishing online
- (B) Data storage
- (C) Malware removal
- (D) Fraud email attack

ANNEXURE-VII TO NOTIFICATION NO. 7/2/2022-MPSC (DR) DATED 20-03-2026

58. District Industries Centre (DIC) primarily functions under:
- (A) Ministry of Finance (B) Ministry of MSME
(C) State Industries Department (D) NITI Aayog
59. Which layer is responsible for process-to-process delivery in a network?
- (A) Network Layer (B) Data Link Layer
(C) Transport Layer (D) Application Layer
60. When was the Manipur Small Industries Corporation (later upgraded to MANIDCO) established?
- (A) 1960 (B) 1969
(C) 1976 (D) 1987
61. Evaluation is mainly conducted to:
- (A) Increase project cost (B) Assess project performance
(C) Delay project completion (D) Avoid documentation
62. Financial incentives under industrial schemes may include:
- (A) Tax benefits (B) Penalties
(C) Import bans (D) License cancellation
63. The handloom sector mainly promotes:
- (A) Heavy machinery production
(B) Mining activities
(C) Software development
(D) Traditional weaving and rural employment
64. Post-implementation evaluation measures:
- (A) Initial investment (B) Immediate outputs only
(C) Long-term project effects (D) Office expenses
65. Which device is used to store data permanently?
- (A) RAM (B) Cache
(C) Hard Disk (D) Register

ANNEXURE-VII TO NOTIFICATION NO. 7/2/2022-MPSC (DR) DATED 20-03-2026

66. A state government introduces a 25% capital subsidy for industries set up in backward areas. The primary objective of this policy is to:

- (A) Increase exports only
- (B) Promote balanced regional development
- (C) Encourage imports
- (D) Reduce industrial competition

67. Value chain analysis in textile planning mainly focuses on:

- (A) Only production stage
- (B) Only export stage
- (C) Entire process from raw material to consumer
- (D) Only packaging

68. NFC technology is mostly used in:

- (A) Long-distance communication
- (B) Contactless payments
- (C) Wired networking
- (D) Desktop publishing

69. Comparison between baseline and end-line survey helps in:

- (A) Salary calculation
- (B) Measuring project impact
- (C) Printing reports
- (D) Project marketing

70. BCC in email means:

- (A) Blind Carbon Copy
- (B) Basic Copy Control
- (C) Backup Copy Code
- (D) Broad Copy Center

71. DPR stands for:

- (A) Detailed Project Report
- (B) Data Processing Report
- (C) Development Planning Record
- (D) Document Performance Review

72. Industrial dispute resolution mechanisms are designed to:

- (A) Promote strikes
- (B) Provide legal settlement between employer and employee
- (C) Avoid negotiations
- (D) Reduce productivity

ANNEXURE-VII TO NOTIFICATION NO. 7/2/2022-MPSC (DR) DATED 20-03-2026

73. Trademark registration helps:

- (A) Protect industrial processes
- (B) Safeguard brand identity and prevent unauthorized use
- (C) Avoid patent fees
- (D) Register company location

74. Monitoring and Evaluation (M&E) reports are prepared to:

- (A) Track project progress
- (B) Close the company
- (C) Hire staff
- (D) Print advertisements

75. Filing reports to government departments ensures:

- (A) Regulatory compliance
- (B) Project cancellation
- (C) Staff reduction
- (D) Marketing promotion

76. MSME classification is revised periodically to:

- (A) Reduce business opportunities
- (B) Reflect economic changes and inflation
- (C) Eliminate small industries
- (D) Increase taxation

77. Logical Framework (Logframe) approach helps in:

- (A) Designing clear objectives and indicators
- (B) Increasing paperwork
- (C) Avoiding evaluation
- (D) Ignoring outcomes

78. Mid-term evaluation is conducted:

- (A) Before project starts
- (B) During project implementation
- (C) After project closure
- (D) Before proposal submission

79. A spreadsheet cell is identified by:

- (A) Only numbers
- (B) Only letters
- (C) Combination of row and column
- (D) Color

80. A production-linked incentive (PLI) scheme mainly encourages industries to:

- (A) Reduce employment
- (B) Increase output and competitiveness
- (C) Avoid exports
- (D) Limit technology adoption

ANNEXURE-VII TO NOTIFICATION NO. 7/2/2022-MPSC (DR) DATED 20-03-2026

81. Which level(s) of government frame industrial development schemes in India?
- (A) Only Central Government (B) Only State Government
(C) Both Central and State Governments (D) Private companies only
82. A Trojan horse is:
- (A) Antivirus (B) Type of malware
(C) Hardware device (D) Web browser
83. Break-even analysis in a project report determines:
- (A) Total profit
(B) Point where total revenue equals total cost
(C) Maximum production
(D) Market share
84. Formation of SHGs in handloom clusters improves sustainability primarily through:
- (A) Centralized ownership
(B) Elimination of local markets
(C) Increased taxation
(D) Collective savings and credit access
85. Social engineering attacks primarily exploit:
- (A) Hardware weakness (B) Human psychology
(C) Network cables (D) Firewall rules
86. MIS (Management Information System) in project monitoring helps in:
- (A) Random data storage
(B) Systematic data tracking and reporting
(C) Eliminating evaluation
(D) Reducing analysis
87. In MS Excel, which function combination would best analyze conditional data trends?
- (A) SUM + AVERAGE (B) IF + VLOOKUP/XLOOKUP
(C) CONCAT + LEFT (D) COUNT only

ANNEXURE-VII TO NOTIFICATION NO. 7/2/2022-MPSC (DR) DATED 20-03-2026

88. Which corporation was set up in 1976 to promote handloom and handicraft industries in Manipur?

- (A) MANIDCO
- (B) Manipur Handloom and Handicraft Development Corporation Ltd.
- (C) Manipur Small Industries Corporation
- (D) DIC

89. Which protocol is primarily used to secure Wi-Fi networks?

- (A) FTP
- (B) WPA3
- (C) SMTP
- (D) HTTP

90. Cash flow statement in DPR helps in assessing:

- (A) Employee attendance
- (B) Liquidity position of project
- (C) Marketing strategy
- (D) Brand design

91. SPF, DKIM, and DMARC are used to:

- (A) Encrypt attachments
- (B) Authenticate email senders and prevent spoofing
- (C) Speed up delivery
- (D) Increase storage

92. End-to-end encryption ensures that:

- (A) Only sender can read message
- (B) Only receiver can read message
- (C) Only sender and receiver can read message
- (D) ISP can access content

93. If an employer retrenches workers without following due procedure, it may lead to:

- (A) Higher profits
- (B) Industrial dispute and legal penalty
- (C) Automatic license renewal
- (D) Increased subsidy

94. A patent provides protection (generally) for:

- (A) 5 years
- (B) 10 years
- (C) 20 years
- (D) Lifetime

ANNEXURE-VII TO NOTIFICATION NO. 7/2/2022-MPSC (DR) DATED 20-03-2026

95. The use of macros in Excel may pose security risk because:
- (A) They slow typing
 - (B) They can execute malicious code
 - (C) They delete formatting automatically
 - (D) They disable formulas
96. Compliance audits in industries are conducted to:
- (A) Increase paperwork
 - (B) Ensure adherence to statutory requirements
 - (C) Avoid taxation
 - (D) Reduce worker benefits
97. Risk assessment in textile project planning should consider:
- (A) Market volatility
 - (B) Raw material price fluctuation
 - (C) Technology obsolescence
 - (D) All of the above
98. Under which section of the Police Act, 1861, can a Special Police Officer be appointed by an Inspector or officer in charge of a station?
- (A) Section 15
 - (B) Section 17
 - (C) Section 20
 - (D) Section 25
99. Which lake in Manipur is famous for having the world's only floating national park (Keibul Lamjao National Park)?
- (A) Pumlun Pat
 - (B) Ikop Pat
 - (C) Loktak Lake
 - (D) Waithou Pat
100. If 'MANIPUR' is written as 'NBOJQVS' in a certain code, how can 'PATTERN' be written in that code?
- (A) QBUFSFO
 - (B) QBUVFSN
 - (C) OBUTTFO
 - (D) PBTUFSN

SPECIMEN QUESTION PAPER [Paper-I - General Industries for Inspector (Planning & Survey)]
